

## Year 4 Maths Homework

### Addition

$456 + 112$

$1000 + 2000$

$891 + 12$

$1100 + 200$

### Subtraction

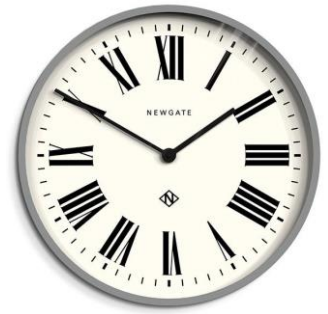

$987 - 23$

$654 - 12$

$799 - 500$

$1000 - 500$

### Time

What time is it?

(24 hour clock AM)

How long until 02:00?

### Weeks/Dates/Months

How many weeks in 1 year?

How many days in 2 weeks?

How many days in a year?

How many days in September?

### Multi step problem (Chili Challenge!)

1. On Monday, I spend 60 minutes revising for an exam. The following day, I only revise for half the time I did on Monday. On Wednesday, I spend double the amount of time revising that I did on Monday. In total, how much time did I spend revising? Answer in hours and minutes.

### Shape

Names these shapes. Tell me: how many vertices they have, how many edges they have, and how many faces they have?
